KEEPING OUR ACTIVITIES SAFE

LEARN MORE AT [LENEXA.COM/CORONAVIRUS](https://www.lenexa.com/coronavirus)

- Lenexa follows mass gathering guidelines provided by the State of Kansas, which allows no more than 15 participants in Phase 2, and no more than 45 participants in Phase 3. We are in Phase 3.
- These restrictions will be followed and will limit the number of students that can participate in each class/program at one time. Schedules and program days/times have been adjusted to reflect this.
- Programs may be moved (when feasible) to areas where participants can spread out more efficiently and maintain 6 feet of distance during class. Program locations will be clearly communicated with participants during registration.
- Parents/guardians of participants are required to maintain social distancing in waiting areas of the facility. They will also be encouraged to remain outside, drop off/pick up (when appropriate) or find other areas to wait.
- High-touch surfaces and items will be sanitized regularly. All common-use equipment will be sanitized before and after each use and at the beginning and end of each class/program.
- For each program/class (when feasible), each participant will be assigned their own equipment.
- Signs throughout our facilities communicate both capacity and any guidelines for that specific space.
